Yaoundé, le 01 AVR. 2005

The Minister of Economy and Finance

To

Honourable Paul BOATENG

Secretary of State at the Treasury of Her Majesty

- LONDON -

Subject: Acknowledgments

During the audience you granted me, besides the activities of the second conference of EITI, we examined the state of economic-cooperation between our countries, as well as the perspective to enhance this relationship.

While fervently acknowledging the excellent arrangements you made to keep us comfortable and your encouragements,

I have the honour to re-echo the firm resolve of our government, officially expressed in London, to respect the principles of the EITI initiative and to adopt necessary actions geared at strengthening economic-cooperation with your government./-
